

EXECUTIVE BIOGRAPHY

GORDON BOYD

President

Global Construction and Agriculture

Gordon Boyd joined Mayflower Vehicle Systems (MVS) U.K. as manufacturing director in 1993 and throughout his tenure with MVS, worked at various levels of management requiring more responsibility. In 2002, he assumed the role of president and CEO of MVS, Inc. CVG acquired MVS in February of 2005 and subsequently Boyd was promoted to president, CVG Europe and Asia in June of that same year. In 2007, CVG began restructuring and Boyd was named president, global construction and agriculture.

Prior to joining MVS, Boyd was the managing director of the Component Division at Nissan South Africa, where he was directly responsible for five manufacturing facilities with more than 2,000 employees.
